

Projects and social campaigns

2015-04-16

Actions and activities related to the shaping behaviors and attitudes conducive to the protection of biodiversity

The General Directorate for Environmental Protection runs numerous projects concerning Natura 2000 sites, sustainable development and environmental impact assessment co-funded through:

- Infrastructure And Environment Operational Programme,
- Human Capital Operational Programme,
- Technical Assistance Operational Programme,
- National Fund for Environmental Protection and Water Management,
- LIFE+ Financial Instrument.
